ARUBA

LEADERS' CONFERENCE 2021
THE RITZ-CARLTON

APRIL 7 - 11, 2021

EXPLORE THE COLORFUL WILDLIFE OF ARUBA

Belted Kingfisher

LAND & AIR

Aruba teems with life, mostly small – birds and lizards are the primary wildlife on land, and there are many species that can only be found on Aruba. Keep your eyes open for these amazing creatures during the 2021 Leaders' Conference!

Red-footed Booby

Ruby-Topaz Hummingbird

Blue-Tailed Emerald

Venezuelan Troupial

BURROWING OWL

Found from the American Southwest all the way to the Caribbean, the Burrowing Owl's quirky nests make them a sight to behold.

STRIPED ANOLE

The Striped Anole is found only in Aruba!

Aruba Whiptail

Green Iguana

IN THE WATER

Aruba's wildlife isn't limited to land. Past the beaches, there's a breathtaking world of fish and marine mammals that dwell beneath the waves. If you're lucky, you might glimpse a few of these vibrant creatures during the Leaders' Conference.

Rainbow Parrotfish

Queen Triggerfish

Spiny Lobster

Balloonfish

Octopus

NASSAU GROUPE

The endangered Nassau Grouper can weigh more than 50 pounds!

West Indian Manatee

Blue Whale

Humpback Whale

Bottlenose Dolphin

SPINNER DOLPHIN

These acrobatic mammals are known for spinning in tight circles when they jump from the water.

An underwater photograph of a coral reef. In the foreground, a brown and white striped fish with long whiskers is visible on the right. The background shows various types of coral, including branching and table corals, under clear blue water. The text is centered in the middle of the image.
